Voc Rehab group met this morning to continue working on budgeting concepts. Clients provided with sample budgets and group discussion focused on paying off standing utility and rent debts. Most clients are in arrears from months of unemployment. Discussed taking care of fixed and essential bills and then looking at flexible purchases such as clothing, food, entertainment, etc. also talked with group about good work ethics and that it is essential that they “call in” if unable to attend either their work or required classes here at RTC. Some clients have been missing groups and have not called in for excuse. Talked about “no call”, “no show” work policies in most tribal departments.

Individual Note:

Client participated fully in group discussion and offered suggestions when other clients asked for their opinions. Defensiveness low. Satisfaction with group process seems high.

Plan:

- Continue ongoing education on good work ethics and how to be successful in the work place.
- Continue promoting sobriety and positive interaction with healthy community resources.
